Birds Love It!

Bird Street Bistro blends are designed to give your bird the nutritional boost essential for a long and healthy life. We use only the highest quality **all natural, all human grade** quality grains, fruits, vegetables, and spices to create tantalizing foods your bird will love. Bird Street Bistro uses all natural dried fruits and vegetables, with **no preservatives, sulfites, sugars, fillers, or artificial colors added**. The variety of textures and flavors in our blends encourage natural avian foraging instincts. All of our recipes cook in just minutes, are easy to prepare, and smell great while cooking! Avian experts recognize that parrots need a variety of healthy foods in order to prevent serious health problems. Bird Street Bistro is an all natural food formulated to give your bird the nutritional boost necessary for a long and healthy life.

All our recipes are flock-tested and bird parent approved. The smaller size of the pieces in all of our blends makes our foods perfect for all birds, from Parakeets to Macaws. Try all of our exciting varieties!

If you notice the neighbors' birds flocking to your kitchen when you prepare our blends...please help them out by directing them to where you purchased your Bird Street Bistro products!

Bird Street Bistro - extraordinary foods for extraordinary birds. **Naturally.**

MENU

CinnaSpice Delight - A delicious all natural blend with healthy grains, carrots, apples, almonds and cinnamon that is spiced to perfection and smells wonderful while cooking.
